

Paid Summer Internship 2026

California Institute on Law, Neuroscience, and Education

The California Institute on Law, Neuroscience, and Education (CA Institute) invites applications from undergraduate students for its 2026 Summer Internship.

About: The CA Institute is a multi-campus collaboration between the University of California, College of the Law (UC Law SF); the University of California, San Francisco (UCSF); and University of California, Los Angeles (UCLA).

Our mission at the California Institute on Law, Neuroscience, and Education is to advance integrated and inclusive research that studies factors related to youth success. By uniting multiple perspectives, we aim to reshape legal, health and educational systems, policies, and practices, so that every child in California can thrive in school, career, and life

The CA Institute aims to disrupt the school-to-prison pipeline in the state by addressing literacy outcomes in school and judicial settings. By targeting literacy and learning, the CA Institute fosters strategies to prevent justice involvement and ultimately to maximize the potential of all California youth.

To achieve this transformation, the CA Institute engages in the following:

1. Research
2. Science-Driven Policy Support
3. Identify and Support Innovative Practices
4. Evaluation and Replication
